PHARMACY INSTITUTE, GREATER NOIDA

Date: 29/04/2014

Faculty Performance Appraisal and Department System

The institute has framed the policy to retained, motivate and upgrade the existing faculty members. In this regard, the institute authorities have designed the faculty performance appraisal development Performa (Performa is attached herewith). The Performa is divided into two sections. In the first section faculty members completes the Performa of first section and the second section is reported by concern head of the department in which he gives the report confidentially to director. Complete filled Performa is finally analyzed by director. In the end, Director evaluates the performance of each and every faculty members. During analysis, the main focus is to see that no employee should be underutilized nor over utilized. Finally, the focus is for the productive utilization of an employee. Finally director recommends for increment and/or increment to the management of NIET.

The above institute policy helps to retain the faculty in the institute and provide the quality education to the NIET students.

Dr. A. Mazumder
(Director)
